ST PETE BEACH

Poised on Pass-a-Grille Island between Boca Ciega Bay and the Gulf of Mexico, the Don CeSar Beach Resort is a flamingo-pink, Mediterranean landmark. The rose-colored sandcastle opened in 1928 as the Gulf playground for America's pampered rich. In 1973, the Pink Lady was re-sculpted and today immerses guests in an elegant atmosphere that combines refined European charm with a twist of tropical elegance.
