NPES Signs Agreement with NAPIM to Maintain Ink Safety Standards

NPES has signed an agreement with the National Association of Printing Ink Manufacturers transferring maintenance of two ink-making equipment safety standards to the B65 Committee. The two standards, ANSI B177.1-1997, "Three-Roller Printing Ink Mills - Safety Requirements," and ANSI B177.2-1997, "Printing Ink Vertical Post Mixers - Safety Requirements" are both due for their 5-year review. That process will take place under the B65 process, with the support and cooperation of NAPIM.

For more information contact B65 Secretariat Mary Abbott or Steve Prejsner at 703/264-7200 or e-mail them at mabbott@npes.org and sprejsner@npes.org respectively.
